Who are we?

The Christian Campaign for Nuclear Disarmament is a national movement of Christians working and praying for a world free of nuclear weapons. We are a specialist section of CND.

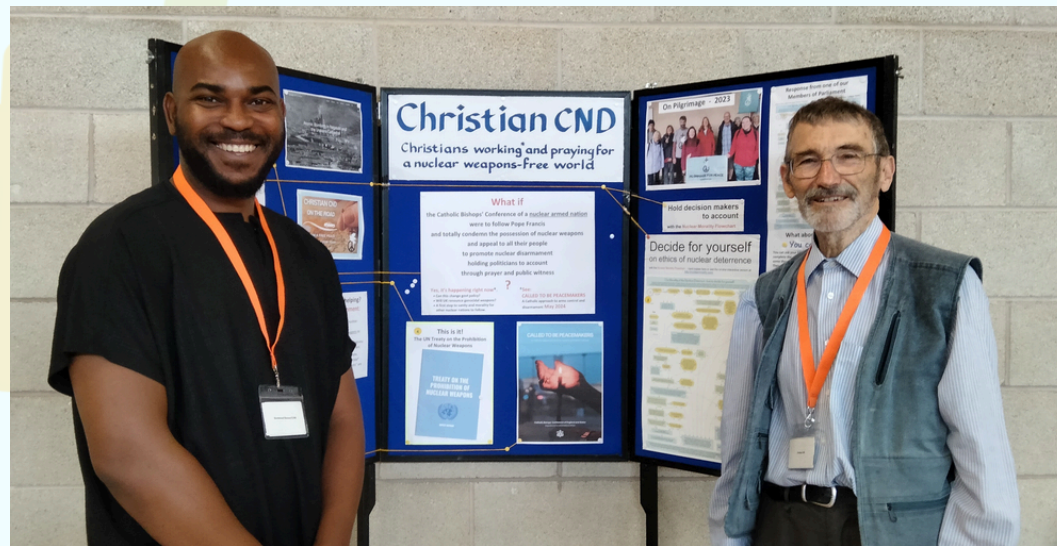

'Blessed are the peacemakers...' Matthew 5:9. Working with all denominations and traditions, we use our distinctively Christian voice to advocate for nuclear disarmament and peace. We bring the hope of Jesus Christ to our work educating Christians and campaigning against nuclear weapons.

We are made in the image and likeness of God. Yet human beings have designed and built nuclear weapons with the potential to indiscriminately kill huge numbers of people - each of whom is precious in God's eyes.

We are called to be good stewards of creation - not to threaten the total destruction and ruination of all land and living things across enormous areas by detonating nuclear weapons.
